

Request for Leaf Delivery

Name _____ Phone _____ Date _____

Address _____ No. of
Loads
Requested _____

Leaves can be delivered provided there are enough loads to fill requests, haul distances are not excessive, and trucks do not have to leave hard-surfaced travel areas. Although we try to fill all requests, we cannot guarantee delivery, nor can we guarantee delivery of a certain type of leaves. In making a delivery, we are not permitted to dump leaves in the streets, in alleys, or on sidewalks. The size of a load of leaves is approximately seven (7) cubic yards. The minimum that can be requested is one load.

I hereby agree that the City of Eugene will not be held responsible for any damage incurred on my property in the process of delivering leaves.
